# What HYL Teachers Have To Say

Heal Your Life<sup>®</sup> Teacher and Coach Trg. is a game changer. I am a fulfilled physician, quite left brained and was skeptical about the kind of investment of time and money. Every aspect is covered with so much sensitivity and detail. Babbuji, is an ocean of love. Her personal life is such an inspiration and her presence speaks volumes about the power of Self Love. We need more teachers and coaches to carry this profound work forward and what better way to grow our prosperity helping others find theirs.

**-Dr Deval Doshi (Mumbai)**

The HYL Workshop Leader Training and the Life Coach training thereafter was the most life transforming milestone of my life. It changed the lens through which I viewed and navigated life. Sharing the philosophy of Louise Hay one on one with my clients is the best gift I could have given myself and them! I trust life to take care of me . And i know Life loves me.

**-Superna Yamuna Chopra (New Delhi)**

I completed my HYL Workshop Leader Training in May 2016 Soon I had a growing number of requests for a personal consultation.

Then I took the HYL Life Coach training in June 2017 .The training is brilliant, insightful and well structured. The approach of HYL Life Coach training is Holistic and therefore puts overall well-being and emotional wellness at the core of a Coachee's success.

If you are feeling called to create a lasting difference in the world one person at a time , HYL Life Coach training is the best way to do it!

**-Vandanaa Neginhal (Pune)**

Babbu Ji has played a very very important role in my growth and transformation, she very gracefully holds sacred space and acts as a catalyst for one to transform themselves from a caterpillar to a butterfly. She is very loving, caring , nurturing and non judgemental in her approach and makes learning fun and easy . I would highly recommend her workshops, coaching sessions ,workshop leader and coach training's to everyone who would want to discover their true selves and heal themselves.

**Life Loves you!** - Louise Hay.

Louise L Hay

**Queen of the New Age...  
A Founder of the Self-Help Movement...  
The Closest Thing to a Living Saint...**

Louise Hay was called this, yet she never set herself up as a guru knowing all the answers. She urged every attendee in her workshop and seminars and every reader of her dozens of books, to remember that it is YOU who has the power to heal your life.

As an icon in the self-help movement her simple yet powerful teachings and techniques have transformed millions of lives. In the Heal Your Life workshops and trainings participants learn how to let go of limiting beliefs to transform and live a life of their dreams.

Louise said:

"Trust the process of Life. Very simply, I believe that what we give out, we get back; we all contribute to, and are responsible for, the events that take place in our lives-both the good and the so called bad. We create our experiences based on the words we say and the thoughts we think. When we create peace and harmony in our minds and think positive thoughts, we will attract positive experiences and likeminded people to us. In essence, what I am saying is that what we believe about ourselves and about life becomes true for us."
